

WEIDNER FIRE®

About Us

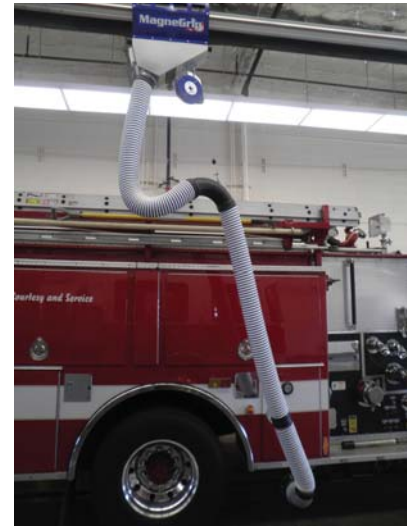

Weidner Fire's mission is to protect firefighters by providing the highest quality head-to-toe PPE and bumper-to-bumper apparatus equipment. The company provides factory-certified service for MSA SCBA and gas monitors, rescue tools, breathing air compressors, and diesel exhaust removal systems.

Featured Suppliers

Diesel Exhaust Removal Solutions

Weidner Fire's Exhaust Removal Team is dedicated to protecting firefighters from the harmful effects of diesel exhaust in the fire house. We provide custom source-capture systems from MagneGrip and air filtration systems by AirHawk. We offer turn-key projects, from system design, to equipment, to installation across the Western U.S.
